**ABOUT THE LEADINGAGE PA EDUCATION FUND**

The LeadingAge PA Foundation's Scholarship Program was instituted by the Board of Directors in 2015 to support workforce issues faced by our members. From 2015 through the spring of 2024, LeadingAge PA Foundation will have given close to \$600,000 to members in the form of paid Administrator in Training scholarships, Higher Education Internship Grants and Professional Development Scholarships for staff of members who are pursuing further education, training and certification opportunities both within and outside the field of nursing. Contributions to the LeadingAge PA Foundation Scholarship Program will allow LeadingAge PA to continue the awarding of these various scholarships in support of workforce challenges faced by our members. Decisions regarding awards and award recipients are made by task forces comprised entirely of LeadingAge PA members.
